Setup for Beyond the Labels Workshop

Step I. Set Up Your MathWorks Account

If you don't have a MathWorks account, you need to create one to get access to MATLAB Online and the material for this event. You will need access to your email on the machine you are using to create an account.

1. Go to: <https://www.mathworks.com/mwaccount/> in Google Chrome and click "Create one!" next to No Account?
2. Fill out the form and click "Create". Follow the directions for verifying your email address.
3. To complete your registration, click the link in the verification email and fill out the form. You must check the Online Services Agreement box. You may leave these fields blank: Activation Key or License Number, Sales rep contact, Associate with a license, and Trial.

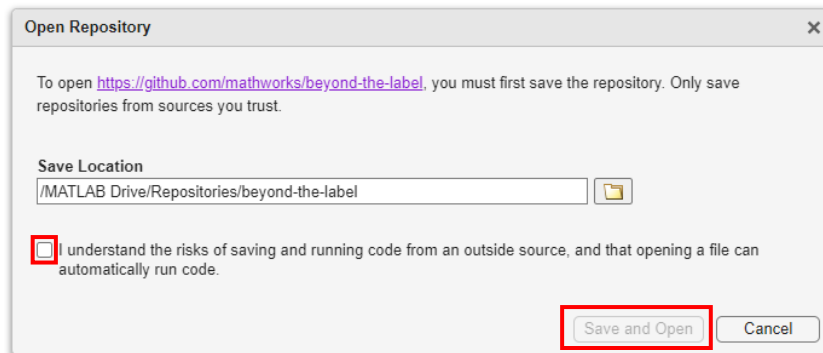

Step II. Activate the Workshop License

The workshop uses several MathWorks products besides MATLAB. You must activate this license for use during the workshop.

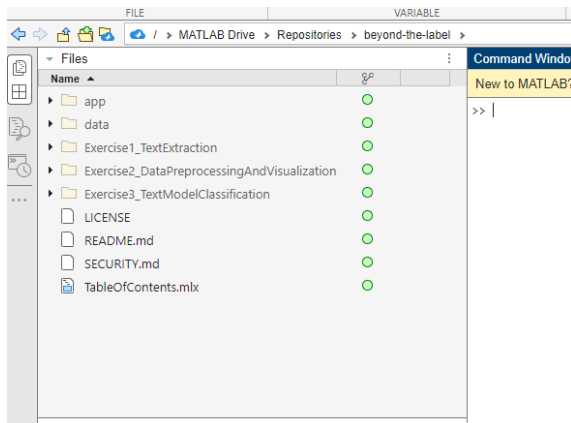

1. Navigate to this address in Google Chrome:
<https://www.mathworks.com/licensecenter/classroom/4596250/>
 - a. tiny URL version: <https://tinyurl.com/GHC24BeyondTheLabel>
2. Sign in to MATLAB Online using your MathWorks account.
3. Click on the "Access MATLAB Online" button. After you sign in, you see the MATLAB Online interface.

Step III. Access Workshop Materials

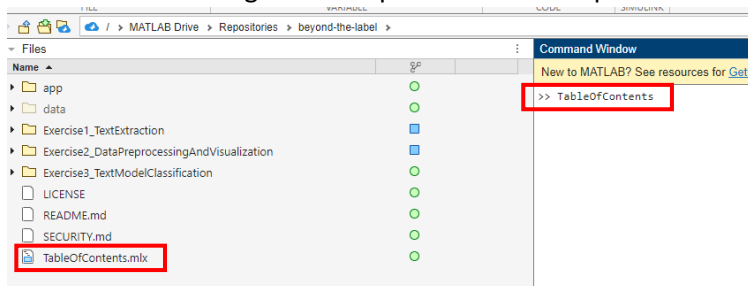

Once you log into MATLAB Online, you should see a prompt like the one below:

1. Select the checkbox and then click on the 'Save and Open' button.
2. You must now be able to access all the workshop materials in MATLAB Online, You should see a screen like the image below:

3. Next, please execute the TableOfContents.mlx file by running it via the command line as shown below. This will bring all the required files on the path.

You are all set with the pre-work, Enjoy the workshop!
